Welcome Home Star and Marv!

A Sweet Message From Star...

I want to thank each and every single person individually for all their hard work and effort and for making such a long trip taking your precious time out of your day(s) to make me feel loved and hopeful. We absolutely love our new home. It truly feels like a home now. You guys have blessed us more than we could have imagined and we can't thank you enough. I am in love with my bed, my Marilyn Monroe picture - that's amazing! The pictures of my family, my brand new flat screen Tv, the colorful lights, the beautiful comforter. I love every single bit of it! My makeup vanity! I don't want to take up all the card space, so I'll leave it at that. Thank you rooms of hope and all! We love you!!!

A Sweet Message From Marv...

I personally want to thank everyone who worked so hard to create our beautiful home! You guys really did a fantastic job and everything about it is absolutely amazing! I am so grateful and very thankful to you Shelley and the entire team who worked diligently to reconstruct our new home! Like i said to beautiful Star! Now i feel like this is our home and it feels so good! Again thank you to everyone who spent their weekend working so hard to make this so special for Star and myself! God bless you all and i really love every one of you.

Welcome To Star's Dream Bedroom...

A Black Suede Queen Bed With Marilyn Monroe Front & Center...

Star Loves Marilyn! Star's other requests...black furniture, everything in white/black/gray with just a touch of red, furry bedding/lighting, flowers please everywhere, mirrors and an adjustable queen bed!

So Sorry If We Missed Your Picture – All Of You Rocked It!!!

Special Call-Out To The Bochenek Family...

When Breezy was 9 years old, she was diagnosed with osteosarcoma, the same cancer that Star is battling. Since Breezy has been cancer-free and has recovered from this rare and aggressive disease, the Bochenek Family is going strong in helping other people in a vast variety of ways! Rooms of Hope is incredibly blessed to have this family's support. Breezy's dad, Stan, sits on our board; Breezy's grandfather, also named Stan, assists us at 99% of our makeovers; and Breezy's mom, Deb, helps by volunteering at makeovers and events alongside Breezy herself! Literally all the Bochenek children (and a lot more of their family) have helped at RoH makeovers and events. Thank you Bochenek Family for your loving and generous hearts, and for referring Star! You are such an integral part of our nonprofit! Back to Star's Home Makeover, you all worked so hard and went way above and beyond between preparation and execution! Thank you to infinity!

A Note From Stan, Jr.

A big thank you to Teresa and all the volunteers that made Star's build a reality! The passion and skill sets that showed up each day were exactly what was needed and confirmed that Star's build was definitely heavenly inspired! I greatly appreciated Teresa's team leading us in prayer as we began and also at the reveal with Star and her father, that gave beautiful context and paved the way to success. Star's project had an extra set of challenges including a VERY short timeline, and I greatly appreciate the RoH Board's project approval and Shelley's (RoH Executive Director) tireless hours

given to get everything beautifully designed around Star and delivered to us in time - WOW, just WOW!!! Lastly, thank you to my wonderful family that always shows up to help, this time Stan Sr. (my Dad), my wife Deb and my daughter Breezy - thank you for making such a huge difference in the lives of so many!

A Note From Deb

The journey through childhood cancer can be difficult and exhausting. Whenever we are given the opportunity to walk beside others facing a similar journey we feel blessed to do so. Star and Marv's home makeover brought

together an amazing group of kind and compassionate people. Being a part of the transformation was a powerful reminder that God uses our hands and our labor to provide for His people. So thankful for the opportunity to provide a home filled with love for both Star and Marv to find healing.

A Note From Stan, Sr.

Such an honor and pleasure, it's all about Family and an opportunity to make a difference. God blessed us once again and expanded our family.

Thank you Star, dad, Donors and Volunteers.

Thank You To All Our RoH Employees & Board Members!

***Thank You Deb, Charlie, Stan, Jr., Carolyn, Breezy & The On-Site Volunteers
For Being Design Support In All Rooms, But Star's! Again, There Are So Many Talented People On Team Star!!!***

I want to start off by saying what an incredible privilege and honor this was to be of assistance to Star and her dad. They have been through some very rough times including Star losing her mom at the age of 14; her grandparents shortly dying after that; a friend dying too; and then being diagnosed with osteosarcoma, a rare and aggressive bone cancer, at the age 17. They were living in a studio when Miracles For Kids came into their lives. Star and her dad, Marv, were offered a 2-Bedroom apartment right next to the Children's Hospital where she is being treated. By way of Teresa, and then Stan, Rooms of Hope was asked to jump in and help this family...again, our sincere privilege and honor to do so.

Thank you Rooms of Hope board of directors for approving this makeover for Star. For without all of you, none of this was possible. Without our donors, the Bochenek Family, Teresa and all the volunteers, plus Sapphira at Miracles For Kids, we could have never pulled off this makeover to the level we did!

We took their already nice new 2-bedroom apartment that they hadn't moved into yet and created a beautiful home...*their safe haven to heal in for both Star and her dad!*

Thank you all so much for your part in Star's makeover. Thank you all for going the distance!!! We all know that Star & Marv are worthy of this blessing. If you're so inclined, please say a prayer for Star and her dad. They need this support too!
