A Note From Niko's Family...Written By Mom

I can't thank you all enough for contributing to our dream home. Because of your generous donations and your time volunteering, our family now has a safe space to play and have fun without compromising Nikolai's health. We didn't have a place to sit down and enjoy meals together as a family and it warms my heart that we have that now. So many beautiful memories will be made here and it wouldn't have happened without all of you beautiful people. The last 2 years have been the hardest we have been through and to receive such a beautiful gift brings me and my family so much joy. I can't even believe this is real! I wake up every morning and open our curtains to reveal a paradise in our own backyard and an amazing room that my children love and feel so comfortable in. Thank you from the bottom of our hearts. You all are bringing families together and helping us heal ♡

With so much love,
The vanZile family
