## A Note From Shelley Ham On Behalf Of The Family

Our families are always so willing to share their gratitude to our volunteers and donors by providing me with a small note to put in this section of the thank you note. At this time, Hank's mom and dad have a different focus. Just three days after our makeover being completed for Hank, the family received really bad news from Hank's latest scans. Mom is now on her way to New York with Hank to figure out next steps. She obviously didn't have time to write a thank you note, nor should this be of any concern to her. But, she did want me to share with all of you how much this makeover has meant to Hank and their entire family.

On behalf of her entire family, she thanks each and every one of you for your contribution...and so do I! It was an honor to be the designer for both rooms! But, it takes very generous donors and a village of caring people to bring these rooms to life! Thanks so much for your incredible contribution!

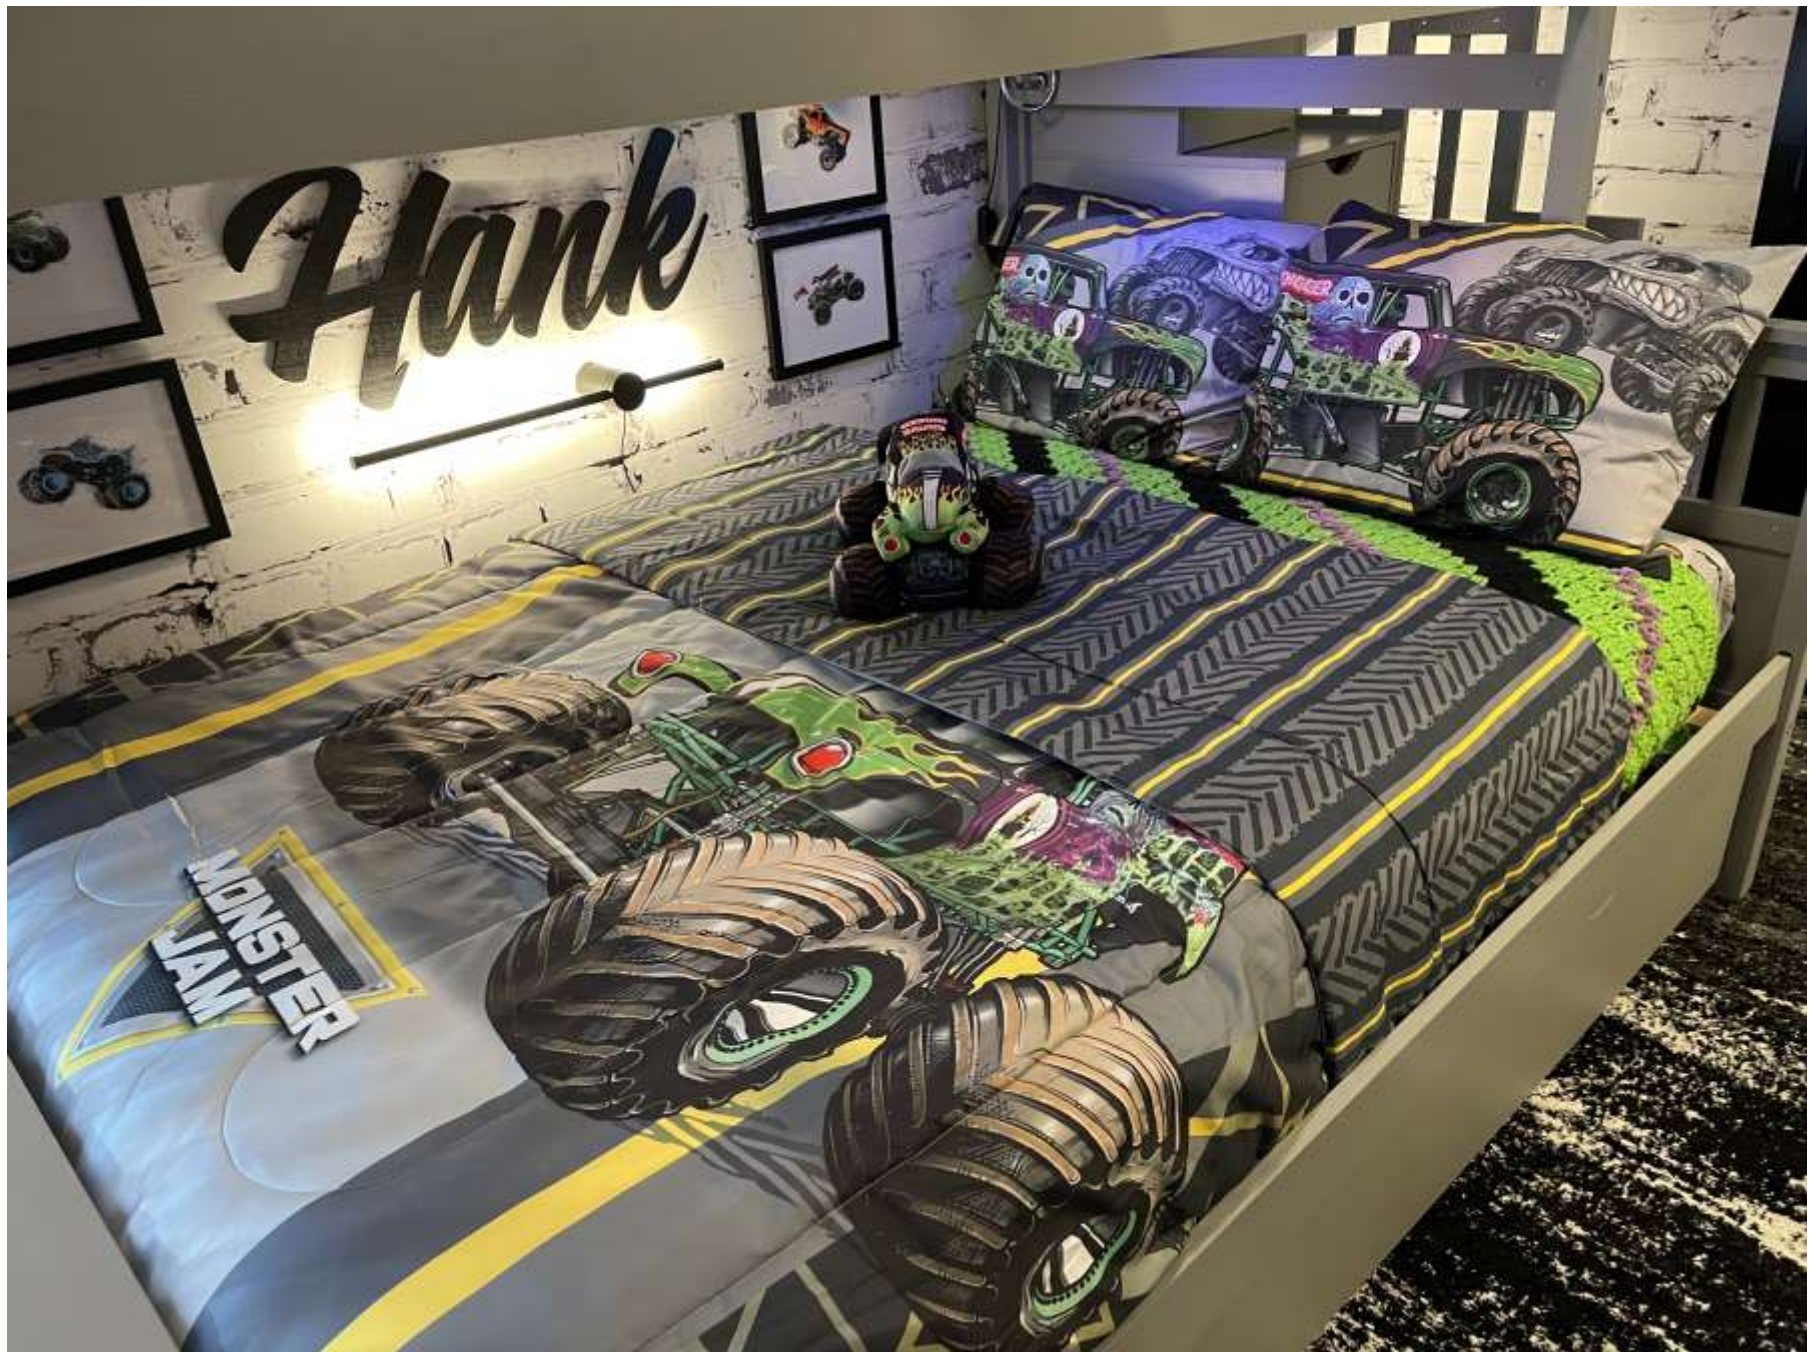

Please keep Hank in your thoughts and prayers if you are so inclined to do so.

With gratitude, Shelley 

**Welcome To Hank's Dream Bedroom He Shares With Brother, William, And Sister, Cassidy**
