# A Note From Isaac's Father & Isaac...

Dear Rooms Of Hope,

We would like to thank Rooms of hope and all the volunteers that help make this possible for our family. We cannot express how grateful we are for this incredible gift. You all are true Angels sent to us by God.

Isaac had been asking for his own room for some time, my wife and I had been discussing how we could make this possible for him.

Within a week of us talking about it we received a call from our social worker about Rooms of Hope. It was like God was listening to us. We never imagined how happy this would make our son.

From the day they meet Anna and Lauren our two boys Isaac and Ismael would talk to use how great their rooms were going to be. Ismael had dreams on how his room would come out, and he was not disappointed. Last night he said how the room was just what he wanted.

Isaac who is very quiet and reserved about what he shares with his therapist, could not wait to tell her about Room of Hope and how they were going to make over his room. And he has not stopped talking about his room. He took a picture of his room and showed all his nurses and told all his friends. Isaac has not stopped smiling when he talks about his room. It was such a beautiful feeling to see his incredible smile last night. We would have loved to of be here on Saturday to share the happiness you all brought to our family. Unfortunately, we had an unforeseen hospital stay. My wife and I can't ever thank you enough for everything that you guys have done.

Thank you, Shelley, Anna, Lauren, Jeff and ALL the volunteers.

From all of us Isaac, Ismael, Lupita, Ignacio and Bruno thank you and may God bless you all.

From Isaac: Thank you so much for everything, you really made my day! I had Been stuck in the hospital for days and during that period I had been feeling very sad but when I came back you guys made me feel better,

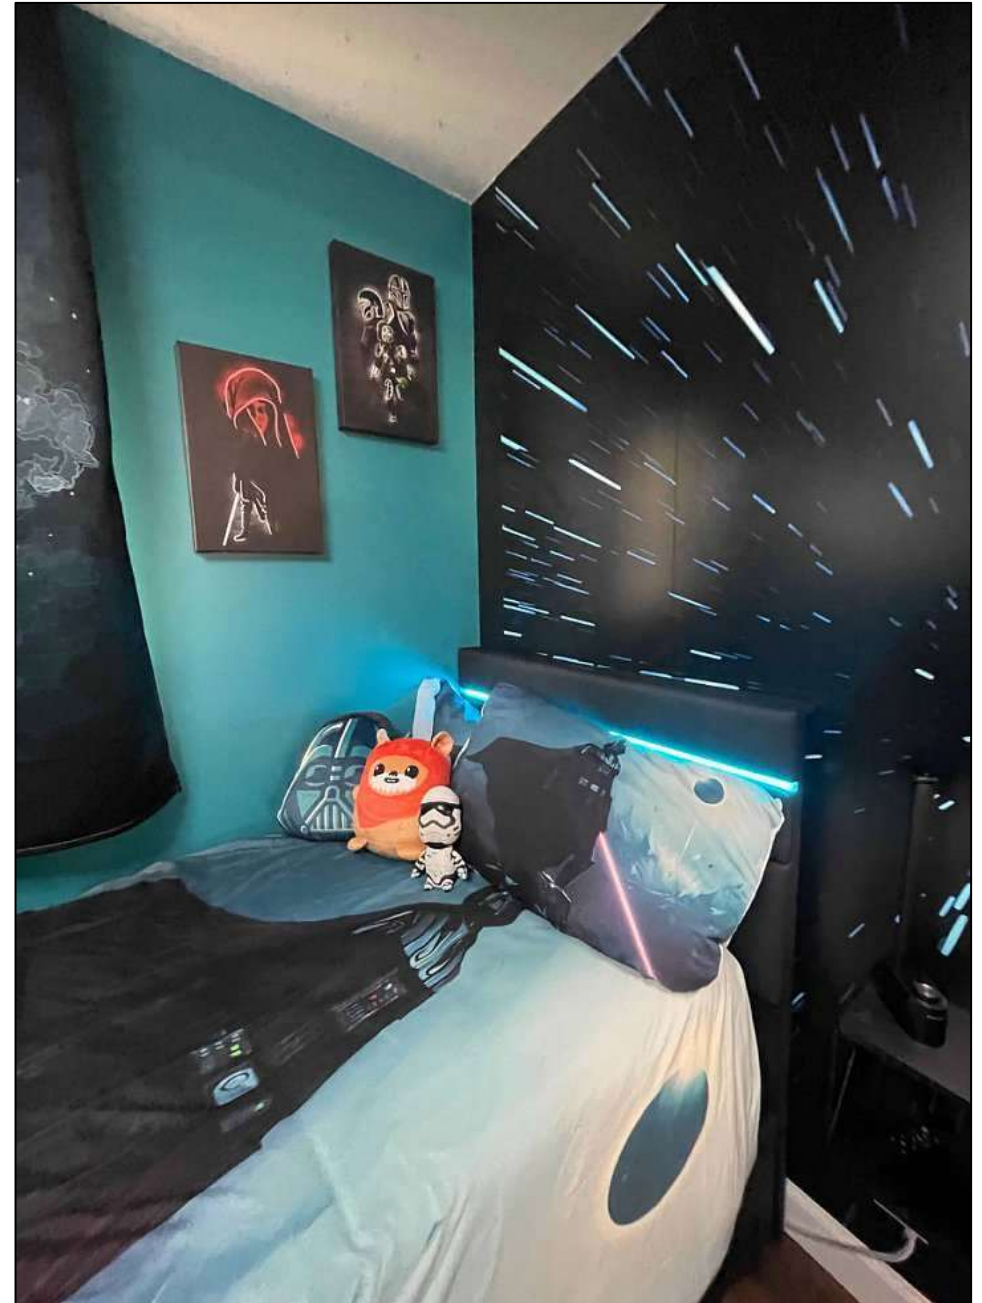

Thank you!
